Education

University of Wisconsin - Madison

PhD Candidate - Microbiology Doctoral Training Program - 2012-Present

SciMed GRS Fellow

MDTP Recruiting Committee - **2014-2015**

MDTP Steering Committee - **2015-2016**

University of Illinois Urbana - Champaign

Bachelor of Science - Molecular and Cellular Biology - 2007-2011

Minor in Informatics

James Scholar Honors

Research

University of Wisconsin - Madison, [McMahon Lab](#)

Graduate Research Assistant - 2012-Present

Determining the forces that shape population structure and how wild bacterial populations change through time in lakes as a model system using reference genomes (composite genomes from metagenomes and single-cell genomes) for uncultivated but common freshwater bacteria and metagenomic time series from several lakes.

University of Illinois Urbana - Champaign, [Metcalf Lab](#)

Visiting Researcher - 2011-2012

Assembled genomes from isolates belonging to the archaeal genus *Methanosarcina* and analyzed shared genomic content of members of this genus.

University of Illinois Urbana - Champaign, [Whitaker Lab](#)

Undergraduate Research Assistant - 2010-2011

Studied insertion sequences in *Sulfolobus islandicus* in an independent project, cultured archaea, organized sample/culture database, cleaned-up and prepped lab equipment.

Publications

Bendall, M. L.*, **Stevens, S. L. R.***, Chan, L.-K., Malfatti, S., Schwientek, P., Tremblay, J., Schackwitz, W., Martin, J., Pati, A., Bushnell, B., Froula, J., Kang, D., Tringe, S. G., Bertilsson, S., Moran, M. A., Shade, A., Newton, R. J., McMahon, K. D., Malmstrom, R. R. (2016). Genome-wide selective sweeps and gene-specific sweeps in natural bacterial populations. ISMEJ. doi:10.1038/ismej.2015.241 **featured article** *Equal contributors

Garcia, S. L.*, **Stevens, S. L. R.***, Crary, B., Martinez-Garcia, M., Stepanauskas, R., Woyke, T., Tringe, S. G., Andersson, S., Bertilsson, Malmstrom, R. R., McMahon, K. D. (*prepared for submission*). Contrasting patterns of genome-level diversity across distinct co-occurring freshwater bacterial populations. *Equal contributors

Organizations

Computational Biology, Ecology, and Evolution (ComBEE) group

Co-Chair/Founder - **2014-Present**

- **ComBEE** provides an opportunity for researchers to discuss new computational tools and learn bioinformatics skills together.

- **ComBEE Python Study Group** - **2014-Present**

- **ComBEE R Study Group** - **2015-Present**

Software Carpentry and Data Carpentry

Instructor - **2015-Present**

Data Carpentry Genomics Hack-a-thon

Contributor - **Mar. 23-25, 2015**

DOE Joint Genome Institute

Intern/Affiliate - **Jan. 2015-Mar. 2015**

Teaching

Software Carpentry Workshop - University of Wisconsin - Madison

Instructor - **Jan. 14-15, 2016, Jun. 08-09, 2016, Jan. 12-13, 2017**

Helper - **Jan. 13-16, 2015, Jun. 3-4, 2015, Aug. 29-30, 2016**

Data Carpentry Workshop - University of Wisconsin - Madison

Instructor - **Jan. 10-11, 2017**

Software Carpentry Instructor Training - University of Wisconsin - Madison

Helper - **Oct. 24-25, 2016**

Data Carpentry Workshop - University of Wisconsin - Madison

Helper - **Jan. 11-12 2016, Jun. 01-02 2016**

Software Carpentry Workshop - University of Wisconsin - Milwaukee

Instructor - **Apr. 25-26, 2016**

Software Carpentry Workshop - Northwestern University

Instructor - **Nov. 10-11 2015**

McMahon Lab Git Workshop

Instructor - **July 2015**

Bioinformatics Basics: Microbial Ecology and Evolution - Illinois Mathematics and Science Academy Intersession

Instructor/Course Designer - **Jan. 2015**

Microbiology 304: Biology of Microorganisms Laboratory - University of Wisconsin - Madison

Teaching Assistant/Instructor - **Fall 2013**

Oral Presentations

Stevens, S. L. R., Bendall, M. L., Chan, L.-K., Malfatti, S., Schwientek, P., Tremblay, J., ... McMahon, K. D. Malmstrom, R. R. Tracking Microbial Populations Through Time Using Single-cell Genomes and Metagenomics. UW Center for Limnology Seminar. December 2015. Madison, WI. <https://goo.gl/0ge2LZ>
